You Can Help Prevent Forest Fires

Twenty-five per cent of all forest fires in New Hampshire are caused from carlessly burning debris—brush, paper, leaves, grass, etc. Most of them are started without the required permit from the local forest fire warden. The cost, annually, of extinguishing these fires runs into large sums of money.

According to law, responsible parties must pay the cost of putting them out. In addition, violators may be subject to court prosecution with fines running as high as ($200) two hundred dollars.

In the interest of fire prevention why not eliminate burning at home? Use your town dump. It has been set up for your personal convenience. It provides a suitable place for the disposal of dangerous inflammable waste material and other useless items which accumulate around the home and local stores; brush, etc., cut on your property. Eliminate the hazard of burning, yourself. It will be easier for you, personally and financially.

If, however, you do burn on your premises:

1. Secure a permit from your local forest fire warden — the law requires it.

2. Be sure to properly supervise your burning. Don't leave it.

3. Make certain your fire is DEAD OUT before leaving it.

Save yourself much possible difficulty

Use your town dump

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 10, 1959

Board of Selectmen
Holderness, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Holderness for the fiscal year ended December 31, 1958, which was made by this Division in accordance with the vote of the Town.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library, Road Agent, Fire Department and Trustees of Trust Funds.

Financial Statements
Comparative Balance Sheets
December 31, 1957 — December 31, 1958:
(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1957 and December 31, 1958, are presented in Exhibit A-1. As indicated therein, the financial condition of the Town changed from a Net Debt of $3,448.24 to a Surplus of $256.58 during 1958.

Analysis of Change in Financial Condition:
(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Decrease in Net Debt (Increase in Surplus)	
Long Term Notes Paid	$ 2,000.00
Net Budget Surplus	1,714.41
Increase in Accounts Receivable	1.50
	$ 3,715.91
Increase in Net Debt (Decrease in Surplus)	
Increase in Town Treasurer's Excess Deposits	$ 11.09
Change in Financial Condition	$ 3,704.82

Comparative Statements of Appropriations and Expenditures — Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1958, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a revenue surplus of $1,818.13, less a net overdraft of appropriations of $103.72, resulted in a net budget surplus of $1,714.41.

Summary of Receipts and Expenditures: (Exhibit B-1)

A summary of receipts and expenditures for the fiscal year ended December 31, 1958, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1958, is indicated in Exhibit B-2.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting

invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by $1,704.82, from $4,551.76 to $6,256.58, during 1958, as shown herewith:

	Dec. 31, 1957	Dec. 31, 1958
Total Assets	$ 37,161.73	$ 41,348.27
Current Liabilities	32,609.97	35,091.69
Current Surplus	$ 4,551.76	$ 6,256.58

Reconciliation of Treasurer's Balance:

The Treasurer should reconcile the Cash Book balance with the bank balance each month when the cancelled checks and bank statement are returned by the bank.

Surety Bond of Town Treasurer:

The surety bond of the Town Treasurer should be increased from $10,000.00 to $15,000.00, in order that the amount of the bond may be more commensurate with the amount of funds in the custody of the Treasurer.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal)

shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Holderness for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director

Division of Municipal Accounting
State Tax Commission

MINUTES OF
HOLDERNESS SCHOOL DISTRICT MEETING
March 8, 1958

Article I. The annual meeting of the School District of Holderness was called to order by the Moderator, Richard L. Gordon, at 4:30 P. M. The Warrant was read by Mr. Gordon. The polls were declared open for voting under Article I. Mr. Willoughby moved to suspend action on the balance of the warrant until 8 p. m. The motion was seconded and carried. The voters of the District proceeded to cast their ballots for Moderator, Clerk and Treasurer to serve one year; and member of the School Board to serve three years. At 8:10 p. m. Mr. Gordon called the meeting to order for discussion of and action upon the remaining articles. Prayer was offered by the Rev. M. C. Stone.

Article II. Mr. Fairclough moved that the District accept Article II. The motion, seconded by Mr. Mines, was passed without discussion.

Article III. Mr. Thompson moved to hear the reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto. Mrs. Wolf read the report of the School Expansion Study Committee authorized by the 1957 School Meeting.

Article IV. The following motion was made by Mr. Willoughby and seconded by Mr. Stone. I move the adoption of article 4 and that the District raise and appropriate the sum of $37,500 for the construction of two additional classrooms to the present Holderness Central School, including cost of architect's fee, and in order to provide such funds, to authorize the school board to borrow the amount voted and to issue serial notes or bonds, in the name and on the credit of the district, and to fix the time and place of payment, the rate of interest, terms, maturities, and provide for the sale thereof, all in accordance with New Hampshire Revised Statutes, Annotated Chapter 33 as amended.

Mr. Willoughby presented a breakdown of the cost of the addition the first year as follows:

Capital Payment	$1,875.00
Less 30% State Aid	562.00
	$1,313.00
First year interest on Bonds	1,312.00
	$2,625.00

Mr. Beij and Mr. Putnam questioned whether or not this article could legally be voted upon since it had not been approved by the budget committee. Mrs. Calley explained why the figures were not included in the budget. Mr. Willoughby and Mrs. Ayer presented the advice of legal counsel, assuring the legality of any action taken on this article since it did not exceed the budget by 10%. Discussion followed on the need for the addition to the school. Mr. Webster moved to ballot on the question. The motion was seconded and passed and the meeting proceeded to vote upon Article IV by secret ballot. The Moderator appointed John Putnam and Edith Plant ballot clerks. The results of the ballot were as follows: 145 votes cast. Affirmative — 104; negative — 41. Since 97 votes were needed to carry the motion, it was a vote in the affirmative.

The polls were declared closed at 9:30 p. m. by the Moderator.

Article V. Mrs. Calley made the following motion which was seconded. I move the District raise and appropriate the sum of $74,668.55 as proposed in the budget for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town, plus an

additional amount of $2,625 to pay the interest and annual payment on the principal for the addition to the Holderness Central School. Total appropriation, $77,293.55.

Mr. Whitman moved to amend the motion so that only those items on which there was discussion should be taken up separately. After some discussion, Mr. Whitman retracted his motion and moved to take up the budget, item by item. The motion was seconded and defeated. Discussion of the budget followed. Mrs. Calley explained that the increase in the insurance on the school was to cover our bonded indebtedness. Artice V was voted upon and carried.

Article VI. The following motion was made by Mrs. Gordon, seconded and voted in the affirmative. I move the district adopt as its school check-list the Town checklist as provided in RSA 197:12a, as inserted by Laws of 1957, chapter 57; this provision to be effective for the 1959 and subsequent annual district meetings.

Article VII. The following motion was made by Mr. Wolf and seconded by Mr. Stone. I move that a building committee consisting of three persons be appointed by the moderator to advise with the school board, and to supervise the construction of the addition of two classrooms to the Holderness Central School, providing that the plans and specifications shall be approved by the school board acting alone as required by law, and to further authorize the school board to execute any and all contracts or agreements necessary in connection with the construction and equipping of said addition. Discussion of whether or not this should be handled by the school board followed and the motion was carried.

Article VIII. Mr. Barlow moved to authorize the school board to make application for and to accept on behalf of the district, any or all grants or offers for educational purposes, which may now or hereafter be

forthcoming from the State of New Hampshire and/or United States. The motion was seconded by Mr. Plant and carried.

Article IX. Under article IX, Mr. Putnam inquired about the contract for school transportation. There was some discussion about the contracts now in effect. Mr. Barlow moved the school board be required to place for public bid the transportation contract for the school which expires in 1958 and that requests for bids be published locally. The motion was seconded and carried.

Mr. Willoughby announced the school board would like to go on record that any organization in town may be permitted the use of the school auditorium upon approval of the school board, provided the organization pay the janitor for his services.

Mr. Putnam requested that school board meetings be open to the public. Mrs. Calley stated that school board meetings were always open to the public and anyone interested was invited to attend.

The meeting was adjourned by the moderator at 10:20 p. m. except for the counting of the ballots. The clerks proceeded to count the ballots with the following results. REPORT OF
SUPERINTENDENT OF SCHOOLS

To the Members of the School Board
and Citizens of Holderness:

I hereby present my fourth annual report as Superintendent of Supervisory Union No. 2 which includes the Holderness Central School.

This past year has seen a great deal of focus both locally and nationally on our schools. The State Department of Education put into effect the "Minimum Standards," Dr. James B. Conant, President Emeritus of Harvard, concluded his study of "The American High School Today," and Congress passed "The National Defense Education Act of 1958," which brings to our educational system new resources and encouragement at a time when they are critically needed.

The "Minimum Standards," "Conant Report," and the "Educational Defense Act" have one thing in common and that is that every young person, from the day he first enters school, should have an opportunity to develop his gifts to the fullest. The Conant report brings out the fact that the most significant contribution the United States has made to the forward march of civilization has been the development of our pattern of public education, because this pattern reflects the ideals that have been characteristic of the Nation. The only way we can continue to do this is to help children think critically and clearly, distinguish between fact and opinion, statistical fallacy and basic truth.

Staff Changes

In September Mrs. M. Wayne Bowie of Plymouth took over the duties as teacher in grade 1 and Mr. T. Gary Allen of Gilford, the mathematics, science and

physical education program in grades 5 through 8. Both of these teachers have had a great deal of experience. Mrs. Bowie was formerly a teacher in Portsmouth and Hampton, and has done further study at Plymouth Teachers College. Mr. Allen is a graduate of Dartmouth College, served as a pilot in the Naval Air Force during World War II, and later was a commercial aviator. He has done graduate study at Plymouth Teachers College.

P.-T. A.

The P.-T. A. has had many interesting programs and is doing a great deal of public relations work in helping interpret what is being done in the school.

Building

The addition of two rooms is nearly complete and plans are being made to occupy them after the February winter recess. The people of Holderness are to be complimented for helping make this necessary additional space available.

School Lunch

The school lunch program continues to be a very worthwhile part of the program, especially when nearly 100% of the boys and girls take part.

Transportation

The transportation of pupils is a big problem in any school district, but I feel we are very fortunate in having the contract carriers we do in Holderness as each one is so understanding when it comes to dealing with youngsters.

Educational TV

There is no question but what commercial TV has been able to make a big impression on the lives of the present day boys and girls. Plans are under way so

that by next fall channel 11, station WENH, at the University of New Hampshire will be in operation with educational programs in art, music, science and the social studies.

Conclusion

This has been a very pleasant and enjoyable year as I feel we are continuing to move forward in enriching the experiences of our boys and girls.

I wish to extend my sincere appreciation to the members of the School Board, staff and citizens of the community for the excellent cooperation and assistance I have received.

Respectfully submitted,

MARTIN E. HEFFERNAN,
Superintendent

REPORT OF THE PRINCIPAL

To the Supt. of Schools:

I herewith submit my Annual Report as principal of the Holderness Central School.

The initiation of the Fall Term was highlighted by the presence of construction materials and workmen, changing somewhat the southern appearance of the school building. This, of course, represents the addition to our school plant that was voted by the citizens of Holderness at last year's school meeting. The addition stands for many things to the school, most notably the movement of the 7 & 8 grade into a room of their own. This clears the Auditorium for many uses by the other classes in the school.

Changes in the teaching staff this year found Mr. T. Gary Allen of Gilford replacing Mr. Hart in the Math and Science Dept., and Mrs. Edith Bowie of Plymouth, in the first grade, replacing Mrs. Dorothy Wilkins, who had completed the year after the resignation of Miss Margaret Thomas.

During the Spring, the Music Dept., under Mrs. Bertholet's supervision, assisted by Mrs. Uhlman, Mrs. Corbett and Mrs. Garland, presented a musical program.

Mrs. Corbett's classes in reading proved to be very beneficial. The music program, under Mrs. Uhlman's direction, was very active. The Activities Association was directed by Mrs. Garland and the school realized many benefits from this endeavor.

In the field of sports the boys baseball and football teams, with Mr. Allen as coach, had a very successful year, meeting the representative teams from the surrounding schools. A hockey game was also scheduled with a team from Hanover in which our boys were victorious.

Through the efforts of the boys at Holderness School the students enjoyed a fine Christmas party, at which the school was presented a new "Tape Recorder." This machine will be a very helpful teaching aid in the classroom, especially in the development of the skill of listening.

The P.-T. A. has been very helpful, sponsoring several projects, one of which, under the supervision of Mrs. Amy Brown, R.N., the school nurse, was a dental clinic.

The School Lunch Program, under Mrs. Holland's direction, assisted in the kitchen by Mrs. Hayes, working under the curtailment of surplus foods, produced many fine meals. This certainly is a program of which the school is very proud.

I certainly would like to express my appreciation to the School Board, Mr. Heffernan, and the staff for the fine spirit of united effort shown, with one goal in mind, a better school for the Town of Holderness.

Respectfully submitted,

ROBERT E. McGLONE,

Principal

REPORT OF HEALTH NURSE

The usual tests were made to find any defects in vision and hearing. All defects were recorded, parents notified and early corrections made. Routine Spring and Fall heights and weights of the children were checked.

In October 76 children had physical examinations by the school physician, Dr. Harold Conrad, Jr. Recommendations were made to improve any defect found.

Dental Clinics were held and children were transported to Dr. Tannenbaum's office in Meredith.

Free Vitamin A & D pills were given all children during the winter months. The funds for these vitamins were supplied by the P.-T. A. and Grange.

Clinics were held at Plymouth for children not having had the completed series of Salk vaccine. The nurse transported the few children needing these shots to Plymouth in February, June, October, November and December.

Frequent inspections throughout the year were made of each child.

Communicable diseases reported to the school nurse were few but we seemed to have had a good variety.

In May we had a Pre-School Registration Day with eight children attending. Mrs. Madeline Given, Dental Hygienist, from the State Department of Health, was present to talk with the children about the care of their teeth. Each child was given a tooth brush to take home. The school nurse checked heights and weights, vision and recorded information necessary to start the Health Records. This day is a good opportunity for children and parents to acquaint themselves with the local school activities.
